

To benefit

Dear [insert name here],

On (insert date) the (club/league name) will host a Golf Fore Red™ tournament to help prevent cardiovascular disease and we hope you will join us!

Golf Fore Red is a fun, heart-healthy golf outing to promote cardiovascular disease awareness and education while raising funds to support the lifesaving work of The Hope Heart Institute. The Hope Heart Institute stands alongside our community providing education and resources to change the course of cardiovascular disease! The Hope is local and 100% of net program funds support Washington state residents: our family, friends, colleagues and neighbors.

It's easy to join the fun! To participate, please make your \$20.00 tax deductible donation to The Hope at <http://www.hopeheart.org/fundraising/golfforered/>. When you donate online, you will receive an electronic receipt and be listed on the roster of tournament players.

Additional Golf Fore Red details will follow!

If you have any questions, please let me know. And don't forget to wear Red on tournament day!

Thank you,

Tournament Coordinator
